Harmony
grace
The beauty of grace
is not just in the way you
walk, but in the way you
stand. It is the quiet
confidence that comes
from within.

*evoking
value*

It is not just the
fabric that matters but
the way it is used.
It is not just the
color that matters but
the way it is combined.
It is not just the
design that matters but
the way it is executed.
It is not just the
material that matters but
the way it is finished.
