## CONTENT 2024

Working in a fashion magazine is a thrilling and social pursuit, perfect for those who want to contribute to fashion while enjoying the mix of the most well-known talents in the industry. Equipped with a mix of journalistic instincts, you also have the art to create. Fashion publications are at the heart of the fashion industry, fashion shows are everywhere, and before digital platforms, we often receive responses to many of our articles and features.

Parvathi has remained fashion's most vibrant ever-changing window through our features - food, personality, fashion, and so on, something that is always fresh. Our main function is to entertain with some writing and reporting about the better society and the world. It is a great job to be in, giving you access and thousands of digital and print, online magazines, and social media. Fashion journalism is often used to indicate writing and writing pieces. Because Parvathi is an industry that connects people through images, it is any fashion story, we are always supported by our social media.
