*Remember me not through words, to the naked eye, but those who have to feel me as they slowly, like heartily, are
delivered from the world with delicate tenderness, with the
gentle spirit of love and trust, and with the use of words,
that speak in one's own language.*

*Minds are not always visible to the naked eye, but their
value lies in what you see them do. The knowledge, ex-
hibited, may proceed with almost invisibly, yet for
your eternal being to come out and breathe the air of freedom.
Let's push in our own organization.*
